

Semente boards

We have a huge range of boards available to make sure you get exactly what you need. You can choose from current stocks listed below or alternatively order your own custom shaped board from the order form on page three of this document.

01 Retro twin fin

5'8 x 21 x 2 5/8 Epoxy with FCS Fin System + fins (more sizes available)
£350 / 490 euros

Go back in time with the retro twin fin, an ideal board for drawing smooth lines and becoming a style master. It's also great for smaller days too, due to the board's width and volume.

02 Pro model

5'11 x 18 1/8 x 2 1/8 White dry sand finish, FCS Fin System + fins
 (more sizes available)
£335 / 470 euros

We have three models available based on our pro team riders. The Gony Pro and Marlon Pro models are for light to medium build surfers who are after the ultimate performance board. The Grego Pro model is designed for the heavier, power surfer.

03 Short board

6'0 x 18 3/16 x 2 1/4 Sprayed dry sand finish, FCS Fin System + fins
 (more sizes available)
£340 / 476 euros

This is the standard Semente shortboard and can be customised by picking tail designs, rail depth, different widths and a spray job. It's used by pros all over the world and is a high performance board proven to give results.

04 Quad fin

6'1 x 18 5/8 x 2 9/16 Painted, dry sand finish, Future Fins System (fins not included), swallow tail, quad fins (more sizes available)
£335 / 469 euros

The Semente quad Fin gives you the ultimate drive through all sections of the wave and adds stability to turns in critical sections. With this board your power surfing will shine.
